

STEALTHTOUCH II

a touch of class

Hot-Swappable Battery

Back View

The StealthTouch II sets a new standard for portability. It is a 15" All-in-one with a hot-swappable battery, 5200mAh or 13400mAh, that will allow you to set it up at any location, without restriction to power outlets. The battery also provides uninterrupted operations in the event of power loss.

The StealthTouch has a sleek and modern look, and is rugged to withstand harsh and demanding environments. A wide range of peripherals can be seamlessly integrated onto the StealthTouch, such as magnetic stripe reader (MSR), smart card reader (EMV), fingerprint reader, iButton, 2-line display, and 10" LCD. An external charger is available to charge 4 batteries at once.

Designed with input directly from customers and industry experts, the StealthTouch's versatile design allows you the flexibility to adapt and meet your application requirements and budget. With its long shelf life, a minimum of 5 years, the StealthTouch will help lower your total cost of ownership.

Key Features:

- Powered by Intel Celeron Quad Core or Core i5 processor.
- Fanless operation.
- Dual-hinged stand allowing adjustable heights and viewing angles.
- Hot-swappable battery for uninterrupted operations, or for portable setups where power outlets are not available.

Pioneer Solution Inc. designs and manufactures a complete line of industry specific all in one computers, touch screen monitors, kiosks, and tablets. Founded in 1994 and based in California, Pioneer Solution Inc. manufactures its solutions from start to finish in the USA which are deployed in Retail, Hospitality, Factory Automation, Gaming, and Healthcare environments. Pioneer Solution Inc. has built an exceptional reputation with its customers and solution partners for superior flexibility and responsiveness to customer needs including short lead times, long product life cycles (minimum of 5 years), easy customization, and quick turnaround. Pioneer Solution Inc. sells through qualified technology resellers throughout the US and globally.
