

IPORT

Charging Solutions for iPad

IPORT Enhances iPad Efficiency

IPORT—the world's first and only wireless charging system for iPad®. The protective case provides full functionality of your iPad on the go or when mounted to the wall or desk. The iPad charges when mounted ensuring it's always charged and ready to be used for care tracking, patient/family engagement, activities, admissions or telehealth visits.

Convenient - Versatile - Affordable

IPORT works how you do

IPORT is incredibly versatile. It can be easily securely locked to a wall, desk or cart mount, or simply magnetically mounted providing the convenience to remove and go with you on your rounds. Desk and Cart mounts can be adjusted to provide optimal viewing angles.

Keeping your iPads Charged

Charging stations placed conveniently throughout the facility offer a home for your iPads when not in use. It keeps them charged...and keeps you mobile - 24/7.

No More Cords

IPORT wireless charging system is easy to install. Experience freedom from cords...no more dealing with missing or broken charging cables, no wires or cables hanging around becoming tripping hazards.

Infection Control Appropriate

The protective IPORT case is designed to work well in a healthcare environment and can be easily disinfected with Cavi Wipes or similar hospital grade cleaners, keeping your staff and patients safe.
