

# IPORT

Telehealth Solution for iPad

## Bedside Telehealth Made Easy!

IPORT—the world's first and only wireless charging system for iPad®. The protective case provides complete access to all buttons, microphones, cameras and speakers making iPad an easy solution to provide telehealth services.

### **Simple - Adaptable - Affordable**

#### **Secure Lockable Mounting**

IPORT Telehealth solution can be securely locked down to any stable surface including tables, bedside trays and counters.

#### **Easy Undock for Patient Use**

IPORT Telehealth solution is fully adjustable for optimal viewing angles. It can be set up for a quick undock to support patient use and easily mounted to magnetic base in seconds.

#### **Simple Charging**

Conductive charging begins immediately when IPORT case is mounted to a base station. No wires or cables hanging down as tripping hazards.

#### **Infection Control Appropriate**

Ruggedized IPORT case is designed to work well in a healthcare environment and can be easily disinfected with Cavi Wipes or similar hospital grade cleaners, keeping your patients safe.
