

TeleMate

The TeleMate™ Mobile Tablet Cart is ideal as a lightweight, versatile cart within healthcare. The height and viewing angle of the tablet can be fully adjusted to suit. Attach any tablet to the TeleMate and you have an affordable solution for family/resident engagement, patient communication and virtual doctor visits.

With a min. warranty of 5 years for the cart, and many peripherals to choose from, all carts are built to your unique specifications and shipped from California, USA.
