

Connect Pro

The Connect Pro is the ideal mobile system for holding, charging and protecting your iPad. The system consists of a lockable case and a wall plate or desk charging station. The Connect Pro fits all iPad models including iPad Pro. It provides full functionality of your iPad with extra security and the ability to charge without the need of cables. Just dock, charge and go. The Connect Pro provides more mobility and security for your iPad in demanding working environments.

With a min. warranty of 1 year, Connect Pro is built and shipped from California, USA.
