

## E-Ink 13

The E-Ink13 is a sleek 13.3" digital display designed for modern environments across retail, healthcare, manufacturing, hospitality, and education. Its high-contrast screen provides clear, paper-like visibility even in bright lighting, while using exceptionally low power. Lightweight and easy to mount, it fits effortlessly into a variety of spaces and can be configured with waterproofing and battery power for added flexibility. With built-in wireless connectivity and optional wired accessories, the E-Ink13 is ready for any setting.

Designed for durability and backed by a one-year warranty, it brings reliable performance to any industry.
