

## CT18M

The CT18M mobile touchscreen computer was designed for healthcare professionals. Powered with a true hot swappable battery, the scratchproof multi-touch 18" touchscreen (with optional embedded privacy filter) can be cart-mounted via VESA mount. The CT18M can withstand millions of user touches while also resisting bacteria and liquid spills.

With a min. warranty of 3 years, and many peripherals to choose from, all computers are built to your unique specifications and shipped from California, USA.
