

Surface Mount

The Surface Mount is a fixed wallmounted system for your iPad. The Surface Mount consists of a thin aluminum case to protect the iPad; it is securely locked on any drywall or solid surface while still allowing full functionality of the iPad including power button, microphones and speakers. The Surface Mount is powered via Power over Ethernet and works with most iPad models. The Surface Mount is an ideal solution for applications such as digital signage, room scheduling, care and activity tracking.

With a min. warranty of 1 year, Surface Mount is built and shipped from California, USA.
