

A422

The A422 Touchscreen Computer is a sleek and versatile all in one solution built for businesses that rely on interactive technology in fast paced environments. It features a responsive 21.5 inch full HD touchscreen that provides a smooth and easy to use experience. The compact and lightweight design paired with a durable IP54 front panel makes it a strong fit for demanding environments such as retail, healthcare, manufacturing, hospitality, and educational settings.

With a min. warranty of 2 years, and many peripherals to choose from, all computers are built to your unique specifications and shipped from California, USA.
